

New Braunfels Christian Ministries

About 8 years ago, the Harvest Food Pantry was formed to help combat food scarcity in our community. At that time, New Braunfels had one small food pantry, and many local residents did not qualify for its services. The need was great, but the resources were small. Over this time, the Harvest Food Pantry has served over 36,000 bags of healthy groceries to families of school-age children.

Due to a local commitment to support families in need, much has changed over the past 8 years in our wonderful community. The San Antonio Food Bank established a presence in New Braunfels by opening The Kitchen Table. Then, last year, the San Antonio Food Bank opened the New Braunfels Food Bank (NFBF), dramatically increasing local food security. NFBF also offers numerous programs including nutrition classes, benefits assistance, job training, a culinary arts school, and community gardens.

We are pleased to say that, in light of these advancements, we are partnering with the New Braunfels Food Bank to ensure local families have access to healthy groceries. We have been in discussion with NFBF and are entrusting them with you, the families we have come to know, love, and pray for. We are confident they will have a program that will match the needs of your family.

Over these next 4 Saturdays (August 4th, 11th, 18th, and 25th), we will be working together to help direct families to the New Braunfels Food Bank with August 25th being the **final grocery distribution day for the Harvest Food Pantry**. On the back, you will find information pertaining to the New Braunfels Food Bank to guide you in this transition. We recognize that change can be difficult so we want to provide you with support to simplify this process in the upcoming weeks.

We have been honored to walk alongside you during these last 8 years, and we have been truly blessed to know you. May God bless you and yours.
